ABOUT ME

With a background in Architecture focused on 3D modeling and photorealistic visualization, I actively used AI tools and kept up with emerging technologies to enhance my workflow. My design-oriented thinking, problem-solving skills, and adaptability have made this transition smoother. Through my training at OnlyJS Academy and internship at Yazılım.xyz & OnlyJS Academy as a Team Leader, I gained hands-on experience in modern web development, team coordination, and project management. I'm now continuing to deepen my knowledge in Frontend Development, while aiming to become a developer in Mobile App Development who creates functional, solution-oriented, and versatile digital products.

STRENGTHS AND EXPERTISE

Programming Languages: JavaScript, TypeScript

Frameworks & Technologies / Tools: HTML, CSS, React, Next.js, Vite, Tailwind CSS, Shadcn-UI, Motion, React Native, Expo, Nativewind, React Navigation, React Bootstrap, Bootstrap, SASS, Styled Components, CSS-in-JS libraries, Zustand, Redux, React Hook Form, Git, GitHub, NPM, Visual Studio Code, Android Studio, Cursor AI, Perplexity AI, Figma(Design to Code Conversion)

Soft Skill: Problem Solving, Communication, Teamwork, Leadership & Team Management, Adaptability & Learning Agility, Time Management & Organization, Self-Discipline

PROJECTS

StayEase – Hotel Booking & Reservation Platform | [Code](#) | [Live View](#)

Technologies: Next.js 15, TypeScript, Tailwind CSS, Shadcn UI, Zustand, Socket.IO, Vercel

- A collaborative internship project a modern hotel reservation system built with Next.js 15, TypeScript, and Zustand for efficient state management. Designed with TailwindCSS and shadcn/ui for a sleek interface, featuring real-time communication via Socket.IO and secure authentication with JWT.

OJS Nutrition E-Commerce App | [Code](#) | [Live View](#)

Technologies: Next.js 16, TypeScript, Tailwind CSS, Shadcn/UI, Zustand, React, REST API, JWT, Vercel

- OJS Nutrition is a modern e-commerce platform built with Next.js and TypeScript, featuring product catalog, cart persistence, authentication, checkout flow, order history, reviews, and account management. Implemented responsive UI with Shadcn/UI, global state with Zustand, and REST API integration. Deployed on Vercel with performance and SEO optimizations.

QuickMind Quiz App | [Code](#) | [Live View](#)

Technologies: React, TypeScript, Vite, Tailwind CSS, Shadcn UI, React Router, Zustand, Netlify

- Quickmind Quiz is a mini internship project a modern and interactive quiz app built with React, TypeScript, Zustand, and TailwindCSS. Features dynamic question selection, personalized user progress, achievements, and a smooth, engaging UI experience.

MacBook Landing Page | [Code](#) | [Live View](#)

Technologies: React 19, TypeScript, Vite 7, Tailwind CSS 4, GSAP, React Three Fiber, Three.js, Vercel

- Developed an Apple-inspired MacBook Pro landing page with React and TypeScript, featuring an interactive 3D MacBook model (14" and 16") powered by React Three Fiber and Three.js, scroll-driven animations with GSAP and ScrollTrigger, dynamic color and size switching, Zustand-based state management, and a fully responsive Tailwind CSS layout optimized for smooth cross-device performance.

Lucid Motion | [Code](#) | [Live View](#)

Technologies: Next.js 16, React 19, TypeScript, Tailwind CSS, GSAP (ScrollTrigger), Vercel

- Lucid Motion is a modern Next.js + TypeScript landing page featuring immersive scroll-driven animations, interactive video transitions, 3D hover and parallax effects, animated titles, and a fully responsive layout built with Tailwind CSS, powered by GSAP for smooth performance and dynamic storytelling in a static frontend environment.

WORK EXPERIENCE

Yazılım.xyz & OnlyJS Academy Intern

July 2025 - September 2025

- Frontend Team Lead during a 2-month internship at Yazılım.xyz & OnlyJS Academy, coordinating the team and leading frontend development.
- Developed a hotel reservation system using Next.js 15, TypeScript, TailwindCSS, and Shadcn-UI.
- Managed state with Zustand, integrated real-time chat via Socket.IO, and gained hands-on experience with JWT security and CRUD operations.

Skills: Leadership, Teamwork, Problem Solving, Communication, Adaptability

Örs Architecture & Construction

February 2024 - July 2024

- Designed and executed interior architectural projects from concept to implementation, including technical drawings, custom furniture, and 3D visualizations.
- Coordinated site inspections and project management to ensure quality construction and timely delivery.

Skills: Problem Solving, Teamwork, Autocad, 3dsMax, Corona Renderer, Adobe Photoshop, Unreal Engine 5

Freelance Arhitect

January 2020 - Current

- Created realistic interior visualizations, bringing design concepts to life with high-quality renderings.
- Developed architectural concept, preliminary, and implementation projects, ensuring a seamless flow from initial design to final execution.

Skills: Autocad, 3dsMax, Corona Renderer, Adobe Photoshop, Unreal Engine 5

Yilmaz Group Construction Contracting Architecture

June 2019 - December 2019

- Designed and executed interior architectural projects from concept to implementation, including technical drawings, custom furniture, and 3D visualizations.
- Managed site inspections and project coordination to ensure quality construction and on-time delivery.

Skills: Quality Control, Teamwork, Autocad, 3dsMax, Corona Renderer, Adobe Photoshop, Unreal Engine 5

EDUCATION

OnlyJS Academy | Mobile App Developer Trainee

November 2024 - November 2025

ATrained in modern front-end and mobile technologies, gaining hands-on experience with **HTML, CSS, SASS, Bootstrap, JavaScript, TypeScript, React, React Native, Expo, Next.js, TailwindCSS, Nativewind, Shadcn-UI, React Router, React Navigation, Vite, Zustand, Redux, React Hook Form, Motion, Netlify, and Vercel.** Skilled in building responsive, intuitive user interfaces and dynamic, high-performance mobile applications.

Classes: HTML, CSS, Bootstrap, SASS, JavaScript, TypeScript, React, React Native, Next.js, TailwindCSS, Shadcn-UI, React Router, Vite, CSS-in-JS, Zustand, React Hook Form, Motion, Netlify, Vercel

Istanbul Arel University | Arhitecture

September 2016 - October 2020

Classes: Architectural Design, Building Materials, Construction Technologies, Structural Systems, Environmental Design, Urban Planning, Sustainable Architecture, Digital Drawing & 3D Modeling (AutoCAD, SketchUp, Revit), History of Architecture

LANGUAGES

Turkish (Native) , **English** (Intermediate B1-B2)
